KYVA SCHOOL REQUIREMENTS and PROCEDURES

Welcome – Strong Start

Strong Start is a practice of providing early communication, orientation and onboarding tasks for students and families to foster engagement in the K12 national and school community and receive the foundation needed to be successful in the online school setting. K12 national Strong Start programming offers resources to give students and families a Strong Start from the point they are enrolled through the first four weeks of school. Almost all resources are available year-round to students starting after the first day of school. You will receive an email prior to your first day of school (typically the Monday before school starts). This email will outline your expectations. These expectations will be further outlined in required orientation sessions for new students. New Students will also have access to the Online school materials in a course designed to let them become familiar with the online school. Please reach out to your Homeroom Teacher for any additional assistance. Students and families will be expected to complete orientation requirements including a final orientation checkpoint along with completion of beginning individual assessments.

Prior to school starting, Students, Parents/Legal Guardians, and Learning Coaches should view the learning coach resource site at <https://www.k12.com/parent-student-resources/how-online-learning-works.html> and <https://www.k12.com/parent-student-resources/how-online-learning-works/strong-start.html>

QUESTIONS, CONCERNS, OR COMPLAINTS

KYVA staff recognizes that life at school does not always run smoothly. As problems arise, school personnel and Parents/Legal Guardians must collaborate to solve them. KYVA staff also realizes that Parents/Legal Guardians and students do not always know what to do or where to seek out answers and often give up and become frustrated when problems remain unsolved. Please follow these procedures for general information or for assistance in resolving a problem:

Step 1. All concerns and issues should first be directed to the student's Homeroom Teacher via phone, or school email. If your Homeroom Teacher cannot resolve the issue, he/she directs the student or parent to the appropriate contact for assistance.

Step 2. If the concern is not resolved at this level, Parents/Legal Guardians are advised to contact an administrator at the KYVA office at (270) 216-3229.

COMMUNICATION RESPONSIBILITY

Ongoing and consistent communication is required between the student, parent, and teacher(s) for school compliancy. School communication includes school email, telephone (leaving voicemail when necessary), school announcements, newsletters, and workshops (in person and online via Class Connect).

Teachers will respond to any school emails/phone messages within 1 business day of receiving the message.

Our Executive Director and other administrators are available for KYVA families to answer questions, offer support, and receive valuable feedback for growing our school into the best virtual program in Kentucky. Please contact us at (270) 216-3229 or via email at office@kentuckyvirtual.org.

STATE and SCHOOL TESTING REQUIREMENTS

As a program of the Cloverport District (CISD) in Kentucky, KYVA is required to meet the requirements for mandatory state testing, including the Brigance Kindergarten Screener. KYVA students (Grades 3-8, 10 and 11) are required to participate in all state-mandated academic assessments. Specific testing days will be shared as soon as available. The locations of tests will be announced closer to each scheduled testing period. Every effort will be made to ensure that families will not need to travel an unreasonable amount of time to testing locations, but all families should be prepared for the possibility of some travel to and from the testing location.

Participating in state testing is mandatory. Kentucky does not allow parents or legal guardians to opt-out of the testing process.

KYVA INSTRUCTIONAL ASSESSMENT PLAN

The KYVA Instructional Assessment Plan is a strategic use of 3rd party curriculum supplements, including periodic Interim Assessments, over the course of a school year to ensure that all students are provided with a growth measure and a systematic exposure to state standards. The data generated will make data-driven instruction possible.

The goal is to provide every student with an individualized learning plan, continuously improve student learning using data, and ensure all students are exposed to and become proficient on state standards. Through the K12 Instructional Assessment Plan these goals can be accomplished.

Participation in the Instructional Assessment Plan, which may be face-to-face at times, is a requirement for continued enrollment with KYVA.

Failure to complete Interim Assessments may result in a student's access to course material being blocked. While access is blocked, absences may be recorded until the Interim Assessment is completed.

CLASS CONNECT SESSIONS

KYVA teachers will offer multiple live sessions each week. The sessions will cover a variety of topics, which may include any of the following:

- Coverage of State Standards,
- Support for daily lessons in the Online Learning System (OLS)/Online Middle High School (OMHS)
- Areas of student need as determined by data,
- State testing preparation, or
- Other instructional topics as deemed necessary.

Attendance during the live sessions will be mandated if data indicates that there is a need for

additional intervention and instruction. Families must have a working microphone and camera to be used during live sessions. Teachers will expect students to use these tools as this helps to improve the interactive experience or to proctor student learning feedback. Please contact customer support at 1-866-512-2273 for any problems using these tools with your computer. Live Sessions are a great opportunity for instructional support and feedback that are indispensable while trying to meet the expectations of our rigorous program.

HOMEROOM MODEL AND STUDENT INDIVIDUALIZED LEARNING

KYVA uses a data-driven instructional model which defines the academic needs and strengths of students based on data. Our teachers will use information on previous standardized tests, quarterly benchmark exams, and online school information to track the student's progress towards meeting goals for the school year. It is a fluid process that evolves throughout the school year. All parties involved with supporting the student can be called on to assist with meeting student goals.

Our teachers will review available data and begin to place their students in a data-driven small group within the first 9 weeks of enrollment. This group placement will be reviewed at least quarterly but could also change more frequently based on the individual student's needs. The process will start with a "Connection Call" from the school within the first two weeks of attendance and will be followed by periodic data review times at least every 4-6 weeks. During this time, the school may call and/or email the family or may hold conferences depending on the student's needs.

INDIVIDUAL LEARNING PLAN

In compliance with the Education and Economic Development Act (EEDA), students and Parents/Legal Guardians in grades 6-12 will meet with their assigned counselor each year to discuss their Individual Learning Plan/Individual Graduation Plan. During conferences, counselors and students will review academic progress, graduation requirements, career interests, educational goals and postsecondary plans. For underclassmen, this is the time to choose classes for the following school year.

NCAA (National Collegiate Athletic Association)

Courses will be reviewed on a case-by-case basis by the NCAA to determine eligibility. There is no guarantee that courses taken at KYVA will be approved by the NCAA to play college sports. It is important that students interested in college athletics reach out to his or her school counselor and make him/her aware of your plans to play college sports. Also, students interested in college athletics should register with the NCAA Eligibility Center during their sophomore year of high school.

FAMILY EDUCATION RIGHTS AND PRIVACY ACT (FERPA)

Annual Notification of Parents/Legal Guardians Rights and Privacy Act

In accordance with the Family Education Rights and Privacy Act, Parents/Legal Guardians shall have the right to inspect and review all education records relating to their child by making a request to the principal. This right shall be passed on to the student at age 18. In accordance with federal regulations concerning the release or transfer of educational records, it is the policy of KYVA to forward educational records on request to a school in which a student seeks or intends to enroll. Personally identifiable information is not released to another party unless

there is written authorization from the parent or eligible student, or there is a "Legitimate Educational Interest" as defined in the policies and procedures for confidentiality. Parents/Legal Guardians may obtain upon request copies of the records transferred and an opportunity for a hearing.

Directory information may be released by KYVA on individual students unless specific instructions not to do so are presented to the principal in writing by the Parents/Legal Guardians of a student each year. Directory information shall include the student's name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and attendance, degrees and awards received, and the most recent educational institution attended by the student. Parents/Legal Guardians shall have the right to file a complaint to the Family Educational Rights and Privacy Act concerning any alleged failure of the program to comply with this act.

Any parent or guardian of a student, or any eligible student, may challenge the content or accuracy of any material or entries in the student's educational records on the grounds that it is inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student. Requests to amend the records are submitted to the principal.

For students who have been determined eligible for programs for children and youth with disabilities, educational records will be destroyed at the request of the parent when they are no longer needed to provide educational programs and services. Children and youth determined eligible for special education include those children and youth with disabilities who have hearing impairments, vision impairments, emotional and behavior disorders, both deafness and blindness, health impairment, specific learning disabilities, autism, or traumatic brain injuries, and who because of these impairments need specially designed instruction and related services.

KYVA will destroy the educational records of a child or youth without a parent's request after the records have been maintained for a minimum period of three years from graduation/enrollment and/or are no longer needed to provide educational programs and services. Parents/Legal Guardians are advised that data contained in the records may be later needed for Social Security purposes. Such requests should be addressed in writing to the Principal or Executive Director. KYVA retains for an indefinite period a record of the student's name, address, telephone number, grades, attendance record, classes attended, grades completed, and year completed.

More information on PPRA can be found [here](#). Please direct any inquiries related to school information surveys, email office@kentuckyvirtual.org.

ATTENDANCE

Research indicates a strong relationship between attendance and school success. At KYVA students are expected to be in attendance 95% of the time for a school term. To meet this expectation, the total number of unexcused absences shall not exceed six (6) for the school year.

Students will have the opportunity to participate both asynchronously and synchronously throughout the day from 12:01 a.m. to 11:59 p.m. during scheduled school days to be counted in attendance. Therefore, when student’s login and work within their courses or attend live instructional sessions their minutes of attendance will be recorded in the online learning system.

In accordance with statute [704 KAR 3:535](#), attendance will be reported as follows.

Middle/High School Students:

- a. If the student attends 65% or 234 minutes of the required 360 daily minutes, then the student will be recorded as **present for the full day**.
 - b. If the student attends 16% to 64% or 58 to 233 minutes of the required 360 daily minutes, then the student will be recorded as **present for half of the day**.
- a. Elementary Students:
- a. If the student shows activity within the system at least 2 times per day, 3 hours apart and meets the minute requirement of 65% or 234 minutes, then the student will be recorded as **present for the full day**.
 - b. If the student shows activity within the system at least once per day and meets the minute requirement of 16% to 64% or 58 to 233 minutes of the required 360 daily minutes, then the student will be recorded as **present for half of the day**.

Note: Any work completed on the weekends, holidays, or non-scheduled school days will not be recorded in attendance.

Absence 1-6 The first six (6) absences may be excused with a phone call and note from parent/guardian as indicated below.

Absences over 6 May be considered an excused absence as indicated below. Students will be notified after the 6th day absent about the need for doctor's statements for additional absences.

Excused Absences: Up to six (6) absences for the following valid reasons may be excused (anytime during the year) provided they are verified by phone and/or writing (school preference) by the student's parent or guardian within (5) days of the student returning to school. Any absence after six (6) call-ins and/or written notes (school preference) must have verifiable evidence that the absence was for a valid reason for it to be excused. Examples: written doctor or medical personnel excuse in case of sickness, death notice or funeral home card in case of death in the family, or court excuse in cases of mandatory court appearances, or military documentation. Excused absences will only be allowed for the time of the appointment, including transportation to and from the appointment.

1. Death or severe illness in the pupil's immediate family
2. Illness of the pupil
3. Mandated court appearance
4. Religious holidays and practices with prior approval of the principal
5. Documented military leave.
6. One (1) day prior to departure of parent/guardian called to active military duty.
7. One (1) day upon the return of the parent/guardian from active military duty
8. Visitation for up to ten (10) days, with the student's parent, de facto custodian, or person with legal custody who, while on active military duty stationed outside of the country, is granted rest and recuperation leave.
9. Extenuating circumstances that are approved by the school principal.

UNEXCUSED ABSENCES: Students with an unexcused absence will receive a zero for schoolwork missed. The grade will be averaged in with other grades for the grading period.

MAKE-UP WORK: Make-up work shall be permitted for excused absences only. All make-up work must be completed and submitted to the assigning teacher.

Reporting Excused Absences

To submit a planned or unplanned absence as excused for administrative review, please send all information to attendance@kentuckyvirtual.org. Absences submitted that are not approved will be marked as days truant. Vacations will not be reviewed or considered as an excused absence. We encourage you to review the school calendar to plan accordingly.

Excessively truant students, as defined within the attendance and truancy section of this handbook will be at risk of withdrawal. Excused or unexcused attendance still affects student participation, and it is essential to have your student work on assignments and assessments, as directed by your student's teachers.

TRUANCY

Pupils are required to attend regularly and punctually the school in which they are enrolled.

Any student who has attained the age of six (6) but has not reached his/her eighteenth (18th) birthday, who has been absent from school without valid excuse for three (3) days or more without valid excuse on three (3) days or more, is a truant.

Any student enrolled in a public school who has attained the age of eighteen (18) years but has not reached his/her twenty-first (21st) birthday, who has been absent from school without valid excuse for three (3) or more days, without valid excuse on three (3) or more days, is a truant. Any student who has been reported as truant two (2) or more times is a habitual truant.

For the purpose of establishing a student’s status as a truant, a student’s attendance record is cumulative for an entire school year. When students transfer from one Kentucky district to another, attendance information from the previous district shall become part of their official attendance record for that school year.

Truancy/Excessive Absenteeism Procedures:

The following steps will be followed when addresses student truancy/absenteeism.

Absences	School Responsibilities
Previous Day Absent	“Missed you in class yesterday” message via email by the Homeroom Teacher.
3 Consecutive Absences	1st Truancy warning letter via email by the Homeroom Teacher.
5 Consecutive Absences	Phone call from Homeroom teacher. If connection is not successful, 2 nd Truancy warning email is sent and documented. If connection successful, document conversation in TVS.
7 Consecutive Absences	3rd Truancy warning letter sent via email by Homeroom teacher.
9 Consecutive Absences	4th Truancy warning letter with notification of withdrawal review by Administration sent via email by the principal. Phone call from Principal. If the connection is not successful, email is sent and documented. If connection successful, document conversation in TVS. If no contact is made and all previous contact has been unsuccessful, Principal/Operations Manager will contact Local Law Enforcement to initiate well-check.
11 Consecutive Absences	Principal will complete a withdrawal form and the withdrawal will be processed. An email will be sent to the family indicating the student has been withdrawn and recommendation for the student to return to in-person instruction.

*Some exceptions can be made for absences due to medical or religious reasons. These will be considered on a case-by-case basis and must be documented through communication with the student's homeroom teacher and attendance team. Although absences may be excused in these cases, students may not be exempt from completing necessary assignments, assessments, or other coursework.

EDUCATION ENHANCEMENT OPPORTUNITIES

Students shall be granted as present for up to ten (10) school days to pursue an educational enhancement opportunity (EHO) determined by the principal to be of significant educational value. This opportunity may include, but not be limited to, participation in an educational foreign exchange program or an intensive instructional, experiential, or performance program in one (1) of the core curriculum subjects of English, science, mathematics, social studies, foreign language, and the arts. Unless the principal determines that extenuating circumstances exist, requests for date(s) falling within state or district testing periods shall not be granted. The principal's determination may be appealed to the Superintendent/designee whose decision may then be appealed to the Board under its grievance policy and procedures. Students who are counted present according to the EHO under this section shall have the opportunity to make up schoolwork missed and shall not have their class grades adversely affected for lack of class attendance or class participation due to the EHO.

Appeals Procedures: Once a student has exceeded the allowed number of absences and been notified of disciplinary action, the student and/or parent may appeal to the Executive Director within three days. A committee will be formed to review, in an informal hearing, if the absences are satisfactorily justified. If the student and/or parent are not satisfied with the results of the hearing, they may request to present their case to the superintendent for a final decision. It is suggested that the student/parent first meet with the school principal to resolve the attendance issue. Notwithstanding any other provision of this Policy, students whose absence is determined to actually have "skipped" class or classes, with or without permission of their parent(s) or legal guardian, will be dealt with in accordance with the student discipline code.

WITHDRAWING

Families who decide to withdraw from KYVA should submit this request to their student's Homeroom Teacher, and the teacher will email the parent a Parent Withdrawal Form. The legal guardian must provide the following information to the Homeroom Teacher before the withdrawal process begins.

1. The reason they want to withdraw from KYVA
2. Last day of enrollment/attendance with KYVA
3. Name of the school the student is transferring to.

The new school should send a records request or proof of enrollment to KYVA to finalize the withdrawal. This can be sent to records@kentuckyvirtual.org.

Parents/Legal Guardians are required to accompany their students on school-sponsored outings and events. All families, regardless of student's grade level, must fill out the permission slip and include the student's allergies (including any allergies to medications), any current medications the student is taking, the student's insurance information, the parent's best phone number to contact, and an emergency contact.

Students with special medical needs and concerns are welcome to attend face-to-face events; however, if a student has a medical condition that may require LC/LG assistance, the LC/LG is required to stay on site during the face-to-face event.

To qualify, a family must finish the school year with KYVA, have an eligible and approved free-reduced lunch form on file, have an approved proof of residency on file, and submit the ISP application and any requested documents within the application window when announced.

The ISP Reimbursement Application instructions will be sent to qualifying families during the application window. Applications will only be accepted during the window. Early applications will not be accepted. No applications will be accepted after the close date. Eligible families must complete the application process to claim the reimbursement, reimbursement is not automatic.

The number of months eligible for reimbursement is determined by the school start date. Start dates between the 1st and 15th of the month will receive the full month's reimbursement amount for that month. Start dates between the 16th and 31st of the month will receive a ½ month's reimbursement amount for that month.

Checks are mailed directly to the families address of record verified by their approved proof of residency document on file. Checks will not be mailed to any other address without a valid proof of residency document to confirm the address change. Lost or stolen checks will not be reissued.

- Do not agree to meet in person anyone you have met on the Internet and who is not affiliated with KYVA.

ACADEMIC INTEGRITY-PLAGIARISM

Students who submit work as their own, when it is not wholly and completely their own, are guilty of cheating and/or plagiarism and will receive a grade of zero on the entire assignment.

Assisting other students in cheating or plagiarism is also considered academic dishonesty, and students who do this will receive a grade of zero on their assignment submission as well. The first time a student fails to cite the source of information in an essay or research paper, he/she will be advised of proper citation methods, receive a grade of zero, but will be allowed to submit the corrected assignment for credit.

Students who are found guilty of cheating or plagiarism more than once will not receive credit for the assignment and will be referred to the school administration for breach of the school's Behavior Code.

NON-DISCRIMINATION POLICY

Kentucky Virtual Academy does not discriminate based on race, color, national origin, age, religion, marital status, sex, gender identity or disability in employment, vocational programs, or activities as set forth in compliance with federal and state statutes and regulations.

For questions pertaining to Section 504, Title IX or grievances contact Stacy Altman, Special Education Manager, saltman@k12.com See the Title IX grievance procedure in this handbook for additional details. You may also contact the Office of Civil Rights at 800-421-3481 or OCR@ed.gov.

TITLE IX INFORMATION AND ASSISTANCE

Kentucky Virtual Academy is a public online school which complies with Title IX of the Education Amendments of 1972 (Title IX), 20 U.S.C. §§ 1681 et seq., and its implementing regulations, 34 C.F.R. Part 106, prohibit discrimination on the basis of sex (including sexual orientation or gender identity) in education programs or activities operated by recipients of Federal financial assistance. Sexual harassment of students, which includes acts of sexual violence, is a form of sex discrimination prohibited by Title IX. Sexual violence is defined by the U.S. Department of Education and its Office for Civil Rights (OCR) referring to physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent due to the victim's use of drugs or alcohol. An individual also may be unable to give consent due to an intellectual or other disability. Title IX protects students from sexual harassment in a school's education programs and activities. This means that Title IX protects students in connection with all the academic, educational, extracurricular, athletic, and other programs of the school, whether those programs take place in a school's facilities, on a school bus, at a class or training program, class connect sessions, and school-sponsored activities (such as extracurricular events or field trips).

Definition of Sex Discrimination and Sexual Harassment (for Students):

Sex discrimination occurs when a person, because of his or her sex, is denied participation in or the benefits of any education program or activity that receives federal financial assistance.

Sexual harassment is conduct that: 1) is sexual in nature; 2) is unwelcome; and 3) denies or limits a student's ability to participate in or benefit from a school's educational program or activity. Sexual harassment can be verbal, nonverbal, or physical.

Any individual, who believes he/she may have experienced any form of sex discrimination or sexual harassment, or who believes that he/she has observed such actions taking place, may receive information and assistance regarding the school's policies and reporting procedures from any of the following:

Kentucky Virtual Academy

Title IX Coordinator

Stacy Altman, Trained Title IX Coordinator, (270) 216-3229

Title IX Grievance Guidelines

Any student, parent/guardian, current or prospective employee or other individual within the school community who believes he/she has experienced and/or observed sex discrimination or sexual harassment ("grievant") should promptly report the matter to the school's Title IX Coordinator, a school counselor, Principal, or other school administrator. A Title IX grievant is requested to complete a complaint form available on our website. Complaints of alleged sex discrimination, including sexual harassment, brought forth by students, parents/guardians, current or prospective employees, and other members of the school community will be promptly investigated in an impartial and in as confidential a manner as reasonably possible, so that corrective action can be taken if necessary.

Grievance Procedures

The grievance procedures will be as follows:

1. It is the express procedures at KYVA to encourage the prompt reporting of claims of sex discrimination and/or sexual harassment. Timely reporting of complaints facilitates the investigation and resolution of such complaints.
2. At the time the complaint is filed, the grievant shall be given a copy of these grievance procedures. It is the responsibility of the Title IX Coordinator or designee to explain these procedures and answer any questions anyone has. In addition, if the grievant is a minor student, the Title IX Coordinator should consider whether a child abuse report should be completed in accordance with KYVA's policy on the Reports of Suspected Child Abuse or Neglect of Children.
3. The Title IX Coordinator or designee shall investigate the complaint as promptly as practicable but in no case more than ten (10) working days from the date the complaint was received. The Title IX Coordinator or designee shall have the complete cooperation of all persons during the investigation.
4. The Title IX Coordinator or designee shall meet with all individuals reasonably believed to have relevant information, including the grievant and the individual(s) against whom the complaint was lodged, and any witnesses to the conduct. The investigation shall be

carried on discreetly, maintaining confidentiality insofar as reasonably possible while conducting an effective investigation.

5. If after an investigation, the Title IX Coordinator or designee determines that there is reasonable cause to believe that sex discrimination or sexual harassment has occurred, KYVA shall take appropriate corrective action to ensure that the conduct ceases and will not recur.

Kentucky Virtual Academy reserves the authority to independently deal with sex discrimination and sexual harassment whenever becoming aware of their existence, regardless of whether a complaint has been lodged.

KYVA is committed to providing a safe environment in which students can learn. KYVA shall maintain a nondiscriminatory environment protecting students from discrimination and harassment. KYVA encourages students, parents, and staff to work together to prevent acts of harassment of any kind including bullying.

DRESS CODE

Students are expected to dress in a manner so as not to be disruptive to the school atmosphere. Repeated violations of the dress code will result in appropriate disciplinary action.

SMOKING POLICY

According to Kentucky law, KYVA always prohibits the use of any tobacco product or alternative nicotine product by any person in any school buildings or facilities, including the use of tobacco products or alternative nicotine products by persons attending a school-sponsored event at any location when in the presence of students or school personnel or where use is otherwise prohibited by law. School Personnel must enforce the policy, including appropriate disciplinary actions. Disciplinary actions for a student violating the policy may include but are not limited to: Conference with Parent or Legal Guardian, Mandatory enrollment in Tobacco Cessation or Prevention Program, Community Service, School Suspension, or Suspension of Extracurricular Activities. Visitors who violate this policy may be verbally requested to leave and could have prosecution for disorderly conduct for repeated offenses.

ADMINISTRATIVE WITHDRAWAL/EXPULSION

Administrative withdrawal is the removal of a student from our school due to the student no longer meeting enrollment requirements. Students may be administratively withdrawn due to violation of terms of probation and due to serious minimum daily progress concerns, chronic absenteeism, relocation to another state, or failing to comply with testing participation requirements as indicated in enrollment policy acknowledgements.

Expulsion is the removal of a student from our school because of serious behavior concern such as the commission of any crime, gross immorality, gross misbehavior or the violation of any other written rules and regulations established by KYVA, or when the presence of the student is deemed to be detrimental to the best interests of the school. Examples being possession of a weapon at a school event or gang affiliation.

Students who engage in an ongoing pattern of behavior that is disruptive to the orderly operations of the school or who are in violation of school attendance, daily progress, or other

enrollment requirements shall be recommended for Administrative Withdrawal/Expulsion, as set forth in the Student Code of Conduct. This means the student cannot attend online school or attend any school-related events.

Suspension and Expulsion: Students who disregard the regulations of the school shall face suspension or possible expulsion. A suspended or expelled student shall receive a grade of “F” for all classes during their time away from school unless authorized by the principal/administration. A student can be expelled for at least 12 months if the student makes threats that pose a danger to other students or placed in an alternative education setting in lieu of expulsion, or at the end of an expulsion. The expulsion decision may be reviewed to determine whether a student's expulsion shall continue or end. All students will be afforded their Due Process rights.

DISCIPLINE OF DISABLED STUDENTS

Students identified as disabled pursuant to the Individuals with Disabilities Education Improvement Act (“IDEA disabled”) will be disciplined in accordance with federal and state law as set forth in the special education procedures developed by the administration.

In the case of a student classified as Special Education is recommended for expulsion, a Manifestation of Determination ARC meeting will be held when there is a suspension for 10 days, is recommended for expulsion, or when disciplinary action is taken that results in the removal of a student from their instructional environment.

APPEAL PROCESS

An appeal to any disciplinary decision up to and including Administrative Withdrawal/Expulsion must be made to the Executive Director within 3 days of the decision being communicated to the parent/Legal Guardian.

GRADE APPEAL POLICY

Questions regarding all grades should be directed to the Teacher of Record for the course initially to resolve questions. If unresolved, questions should be directed to the Principal for further investigation and final grade awarded. The final grade, if changed, will be adjusted on the student transcript by the School Counselor. The principal will adjust and reissue the report card/transcript if adjustments are made.

EXTRACURRICULAR CLUB ELIGIBILITY

Participation in school-sponsored extracurricular activities is a privilege and not a right. Therefore, the school's Executive Director authorizes the principal and assistant principals and other authorized personnel supervising a student activity program, to prohibit a student from participating in any particular or all extra-curricular activities of the school for offenses or violations of the Student Code of Conduct/Student Discipline Code for a period not to exceed the remainder of the school year in which the offense or violation of the Student Code of Conduct /Student Discipline Code took place. Students prohibited from participation in all, or part of any extracurricular activity are not entitled to further notice, hearing, or appeal rights.

Exams

Traditional, year-long courses shall have a mid-term exam and that exam shall be weighted higher.

Final exams shall be given in all high school courses and the final shall be weighted higher.

Physical Education

PER 704 KAR 8:050, All elementary and secondary school pupils shall receive organized physical education instruction as recorded in the Kentucky Academic Standards and in the minimum unit requirements for high school graduation.

Middle School Retention

A middle school student may be considered for retention if he/she fails three (3) subjects with at least two (2) of said subjects being from required course areas. A student may be required to repeat a subject without being retained for the complete grade.

Disciplinary Action

A student's grade shall not be lowered as a disciplinary action.
(Board Policy 08.221)

MID-YEAR COURSE PROMOTION POLICIES:

Students are enrolled in age-appropriate coursework for the core subjects. However, due to multiple indicators such as Baseline/Interim assessment scores, previous test scores, and parent feedback, there are some students who may need a lower or higher course for his or her needs. If a family wishes to place a child in a course higher or lower than what is on track, they must conference with homeroom teacher.

ELEMENTARY AND MIDDLE SCHOOL MID-YEAR COURSE PROGRESSION

Because of the rigor of our school curriculum, KYVA suggests that students do not progress too quickly through their online courses; however, some students can move forward at an accelerated rate. If this accelerated pace is monitored by the learning coach and the teacher, parents or legal guardians may request additional advanced coursework in Language Arts and Math if the present level (the current coursework) is 100% completed and the principal approves. Once the student has the principal's approval, the principal will order additional coursework.

MIDDLE SCHOOL YEAR END GRADE LEVEL RETENTION

Students who are failing 3 or more of their core Academic Courses (Math, Language Arts, Social Studies, or Science) or who are failing both Math and Language Arts are recommended for grade level retention.

Middle School Retention: A middle school student may be considered for retention if they fail three (3) subjects with at least two (2) of said subjects being from required course areas. A student may be required to repeat a subject without being retained for the complete grade.

ELEMENTARY YEAR END GRADE LEVEL RETENTION

Students who are failing 3 or more of their core Academic Courses (Math, Language Arts, Social Studies, or Science) or who are failing both Math and Language Arts are recommended for grade level retention. The Elementary school will also consider student performance on individual progress monitoring assessments to include (but not limited to) interim assessments that are criterion and/or normative based.

HIGH SCHOOL GRADING POLICIES

GRADUATION REQUIREMENTS:

All students who meet the requirements for graduation outlined here will receive a KYVA Diploma. In addition, all students must have completed the following requirements:

- Have been enrolled and in attendance for a minimum of (8) semesters in high school.
- Have satisfactorily completed all activities such as performance standards, assessment tests, etc., as mandated by the state and local Board of Education.

Students whose disability precludes them from following the course of required study, as specified in the program of studies, will be awarded a certificate and shall be recognized for achievement at the completion of their specified individual education plan program.

Valedictorian/Salutatorian At the completion of the senior year, rank in class shall be determined by scholastic grade point average for all graduating seniors. Students who have Honors with Highest Distinction status shall be eligible for Valedictorian and Salutatorian awards.

The student who complies with the above conditions and accumulates the highest-grade point average when their cumulative GPA is rounded to the nearest hundredth shall be the class Valedictorian. The student who complies with the above conditions and accumulates the second highest grade point average when their cumulative GPA is rounded to the nearest hundredth shall be the class Salutatorian. In the event students comply with the above conditions and there is a GPA tie, the students will share that award.

Review Committee:

A review committee composed of the Principal, School Counselor and two Teachers shall be established to review questions and/or problems relating to the academic honors program.

Students Who Transfer:

Students who transfer from other accredited high schools before the end of their junior year shall be eligible for designation as Valedictorian, Salutatorian, or honor student.

Special Awards:

Additional special academic, attendance, and/or achievement awards may be granted to students at the end of the school year.

NO PASS, NO DRIVE POLICY:

The State of Kentucky's School Compliance Verification (No Pass, No Drive) form is completed by contacting the principal. Eligibility is determined by state law, specifically KRS 159.051, and not by the school. To be eligible for a School Compliance Verification, students must meet all the following requirements:

- Be at least 16 years old before completing the form. If a student will be turning 16, KYVA will date the form for the student's 16th birthday.
- Have less than nine (9) unexcused absences in the previous semester,
- Have passed four (4) of the six (6) courses in the previous semester.

Schools are required to use academic and attendance data from the previous semester of the school year to determine whether 16- and 17-year-old students are compliant with Kentucky's No Pass, No Drive law. The school will submit a report of noncompliance as required under KRS 159.051, and subsequently update that report no later than the end of each semester, if any of three conditions occur:

- A 16- or 17-year-old student (with a driver's permit or license) accumulates nine (9) or more unexcused absences. Note: suspensions count as unexcused absences.
- A 16- or 17-year-old student driver drops out of school.
- A student is deemed academically eligible to drive by passing two-thirds of the credits in which he or she is enrolled at KYVA. (I.E. Students must pass a minimum of 5 out of 7 credits based on the current schedule.) When a student meets the criteria for reinstatement of driving privileges the guidance office will issue notification to the Kentucky Department of Transportation verifying the student's completion of eligibility requirements.

LATE WORK POLICY

Some assignments are teacher graded, and others are computer graded. During the semester, students and Parents/Legal Guardians can always view grades in the grade book for each course. It is important to note that these grades are updated every time an assignment is graded.

Warning: If a deadline has passed and the teacher has not entered a zero for that assignment, the student's grade may be temporarily inflated. Zeros are typically entered weekly for work not received.

- Graded assignments – whether teacher or computer scored – are listed on the course calendar. These assignments must be completed and submitted *no later than midnight the Sunday following the due date for that assignment to receive full credit for the work.* Any work that is not received by Sunday will be considered missing and assigned a zero.
- Under some circumstances, teachers may grant due date extensions on assignments. ***Families should never assume that they will automatically grant these requests.*** Due date extensions must generally be requested before the due date of the assignment during the school week. Requests received on or past the due date, or on a non-school day may not be granted.
- In case of computer- or internet-issues, students are required to contact their classroom teachers immediately to communicate the issue, so please have a hardcopy of all teachers' names and phone numbers.
- Please be aware that because of the point values assigned to teacher-scored assignments, it is mathematically impossible to pass a course without completing them.

AWARDING of CREDIT, GRADE PROMOTION and DEFINITION, COHORT YEAR

High School Students are promoted based on the number of credits earned. Credit is not awarded for courses in which a student earns an F or fails to complete the required attendance (60 hours per semester or 120 hours per 1 credit course). Students may retake the same course at the same difficulty level under the conditions as stipulated in the

Kentucky Uniform Grading Policy.

Grade-level classification is based on the number of credits earned and is reviewed at the end of each semester.

HIGH SCHOOL PROMOTION REQUIREMENTS

High School Promotion Requirements:

A student must have at least this many credits to be promoted to the next grade.

5 CREDITS	Promotion to 10th Grade
11 CREDITS	Promotion to 11th Grade
17 CREDITS	Promotion to 12th Grade

Students are placed in a graduation cohort year when they begin 9th grade for the first time. A student's cohort year is based on their expected year of graduation, which is calculated as the spring of their fourth year in high school. For example, a student who begins in 9th grade for the first time in 2020-2021 school year, will be assigned to the 2024 cohort. Students will not be promoted past their cohort grade level, regardless of credits, unless they have been approved for early graduation.

EARLY GRADUATION

Students interested in graduating a year or semester early must speak to their school counselor.

Completion of this form does not guarantee early graduation but will initiate the process for a counselor to formulate an early graduation plan, if possible. It is important to note that if a student is attending a four-year college, graduating early can have serious impacts on qualification for the state lottery scholarships (LIFE and Palmetto Fellows). Students who graduate mid-year will NOT have a class rank and, therefore, would not be able to use rank as a qualifier for these scholarships during that school year. Students attending a four-year college after graduation whose scholarships might be impacted by early graduation are encouraged to stay and complete Dual Enrollment Courses while enrolled in high school. KYVA does not have a graduation ceremony for early graduates; however, students are welcome to attend the following June ceremony once all credits are complete.

Early Graduation:

Senate Bill 61, passed during the 2013 Kentucky General Assembly, provides a pathway to early graduation for students who intend to complete high school in three academic years or less. Beginning with the 2014-2015 academic year, students who complete the Early Graduation requirements (see below) may receive a diploma from their district. Students who graduate in three years or less are also eligible for an Early Graduation Certificate, which they may use the year immediately following high school graduation when enrolling in a SACS

accredited Kentucky two- or four- year institute of higher education.

- Early Graduation students require consistent monitoring and counseling to ensure they are on track to complete the early graduation requirement. Regular meetings between the student, family and counselor should monitor and update student progress as required in Section 4 of 704 KAR 3:305.
- The Letter of Intent is not binding; students may revert to regular student enrollment with the knowledge they have to meet the district's minimum requirements and that they will not be eligible for the Early Graduation Certificate.

HONORS COURSES

Honors courses demand a high level of independence and self-discipline. Students synthesize and evaluate information and concepts from multiple sources and read texts typically assigned in college-level courses.

Students also demonstrate college-level writing in essays that require analysis of primary and secondary sources, responsible use of evidence, and comprehensive citation of sources. Successful completion of prerequisites, teacher/school counselor recommendation, and a strong interest in the subject are recommended for enrollment in an Honors course. Honors courses will receive an additional weighting of .5 quality points onto the student's GPA.

CLASS RANKINGS

Class ranks are based on the Kentucky Uniform Grading Policy. In order to calculate class rank, all student GPAs will be calculated and ranked from highest to lowest. Class ranks will be calculated one time at the end of the academic year and indicated on the official transcript. Mid-year rankings are not official and are subject to change.

STATE GRADUATION REQUIREMENTS

This is a guide to help you know what the requirements are to graduate from high school in Kentucky as well as some guidelines for entrance into a four-year college. This information comes from the State Department of Education website:

<https://education.ky.gov/curriculum/hsgradreq/Pages/default.aspx>

Students must earn a total of 22 prescribed units or credits. The table below is the minimum number of credits students must take. The unit requirements are distributed as follows:

English/Language Arts	4.0
Mathematics	4.0
Science	3.0
Social Studies	3.0

Health	0.5
Physical Education	0.5
Visual Performing Arts	1.0
Electives	6.0
Total	22.0

TESTING REQUIREMENTS

All students are required to meet the graduation test requirement, to receive a high school diploma and to participate in the graduation ceremony.

- End-of-course Exams (EOC) in each of the four content areas are required. The EOC Exams are given in Algebra, English 2, Biology and U.S. History. The End of Course Exam will count as 20% of their final grade. Failure to take the EOC will result in a zero for the exam grade.
- All students will have the opportunity to register for a free test administration for ACT during their third year of high school (typically 11th grade). The ACT assesses high school students' general educational development and their ability to complete college-level work. The ACT is curriculum-based and not an aptitude or an IQ test. Instead, the questions on the AT are directly related to what students have learned in high school courses in English, mathematics, and science. To register for the ACT independently, go to www.actstudent.org.

DUAL ENROLLMENT

KYVA may allow students to take Dual Enrollment courses but must meet the following guidelines:

- Students/LC's must consult with their counselors first to determine eligibility for dual enrollment.

Eligibility Requirements:

- Have a cumulative GPA of at least 2.5.
- Must have taken at least one of the state tests (ACT, SAT).
- Must be passing current courses at the time of the application.
- Must take all testing required by KYVA.
- Students must be enrolled in at least 1 KYVA Course to be considered a KYVA student.

Additional Guidelines:

The number of postsecondary dual enrollment courses that a pupil may take is limited to not more than 10 courses overall.

- The postsecondary courses must be academic in nature or applicable to career preparation.

- The postsecondary course must apply toward the satisfaction of degree requirements and may not be in the subject areas of physical education, theology, divinity or religious education. Hobby, craft and recreational courses are not eligible under legislation.
- An eligible postsecondary course must not be offered by the school.

School counselor and administration reserve the right to deny or allow student's participation in dual enrollment. Students/Learning Coaches/ and school administration will all sign a dual enrollment contract/document agreeing to the above items. The school has a set amount of funds set aside for dual enrollment tuition. If there is a balance left after the school has sent the prorated amount, the student/family is responsible for the outstanding fee. If a student drops out of dual enrollment course(s) after the college's official dropout date, the student is responsible for refunding the amount used for tuition back to KYVA. The student must follow ALL of the college's and KYVA's important academic dates. Committing plagiarism or any other academic infraction is automatic grounds for withdrawal from dual enrollment and will make student ineligible for dual enrollment while actively enrolled at KYVA.

CREDIT RECOVERY

Credit recovery allows students who have taken and failed a course the opportunity to recover the lost credit instead of retaking the course in its entirety. Students must have earned between 50% and 59% in the course to qualify for a credit recovery course. Once a student successfully completes the course, they will receive a passing grade "P" for that recovery course on their transcript. The original failed course will remain on the transcript. Students who qualify for credit recovery will be automatically placed into that course.

Although credit recovery is a wonderful option for many students, those who are considering a four-year college immediately after high school can opt to retake the course in its entirety for GPA purposes. Students wishing to retake the course in its entirety in lieu of credit recovery must submit this request via email to the school counselor prior to the fifth day of school.

COURSE WITHDRAWALS

With the first day of enrollment as the baseline, students who withdraw from a course within five days in a semester long course or 10 days in a full year course will do so without penalty.

To request a transcript, letter of recommendation, or driving form students should email office@kentuckyvirtual.org.

Please note that it can take up to ten business days to process these requests. For DMV notification, students will not be eligible to receive a letter for driving privileges while on Probation or while having greater than 10 absences (5 per semester) without approval from your school Principal. Students should follow the plan to improve the consistency of their progress and attendance before being issued the form.

The Career and College Prep Program at KYVA is prepares students for success in post-secondary opportunities by providing real-world education experiences, industry certification opportunities, and relevant skills that will allow our students to thrive in a competitive career environment. The KYVA Career and College program teaches career and professional skills that students need to be successful after high school. Students explore different career fields, focus on their interests, and gain skills that can help them be successful in the workplace and in college. Whether students intend to go to college, are working in their career field now, or plan to start their career right out of high school, the career pathways offered can combine passion and interests with the skills needed to compete for jobs in high-demand fields.

Our **mission** is to give students a head start on their career goals and college aspirations. At KYVA, students can graduate high school industry recognized credentials, valuable workplace experiences, professional skills that will lead to real-world success, and a jump start on college.

CTE courses are based on the knowledge and skills required for each career pathway in the following in-demand career fields:

BUSINESS AND MARKETING EDUCATION

- **Management and Entrepreneurship:** This pathway generally prepares individuals to plan, organize, direct, and control the functions and processes of a firm or organization. Includes instruction in management theory, human resources management and behavior, accounting and other quantitative methods, purchasing and logistics, organization and production, marketing, and business decision making.

COMPUTER SCIENCE

- **Computer Programming:** The Computer Programming pathway courses will prepare students to design and create apps, as well as troubleshoot the latest programming languages used in the industry. Upon completion of this career pathway, students will be prepared for an entry-level position or continue their education in Computer Programming.

ADVANCED LEARNER PROGRAM

The goal of the Advanced Learner Program (ALP) is to provide an individualized learning experience that addresses the unique needs of a student who is advancing educationally at KYVA and requires additional opportunities to meet the educational and emotional needs of this unique population of students. Our model for services enables us to meet the needs of all students who demonstrate the need for academic challenge beyond the regular education curriculum whether they are identified as gifted or not.

RIGHTS OF CHILDREN WITH DISABILITIES

Children identified as qualifying with a disability and Exceptional Child Education

(ECE) have the right to a Free and Appropriate Public Education (FAPE), provided at public expense that meets the standards of the Kentucky Department of Education and are provided in conformity with an Individual Education Program (IEP).

CHILD FIND

Child Find is a process based on the Individuals with Disabilities Act (IDEA) Part C. The purpose is to identify, locate and evaluate individuals with disabilities who may need special education services.

To ensure that all KYVA students are properly identified and served, the parent or guardian will be asked at least twice if their student has ever been evaluated for possible special education services, and if the student has ever received special education services as a student in a public or private school. If so, the parent or guardian will be asked if their student has an active Individual Education Plan (IEP).

If there is any indication that the student may have received special education services, once KYVA receives the previous school's records, your family will be contacted by the school. Should you have any additional questions please contact the Special Programs Manager, Stacy Altman, saltman@k12.com.

SPECIAL EDUCATION SERVICES

KYVA is responsible for providing a free and appropriate education under the federal Individuals with Disabilities in Education Act (IDEA). Parents/Legal Guardians should indicate that their child has an Individualized Education Plan on their enrollment form.

Special education services are available to students who have been identified with a disability and qualify for exceptional child education (ECE). Documentation of the disability must be provided, such as a previous Individualized Education Plan (IEP) and/or a psychological evaluation. Students with IEPs in need of adapted learning support services are those whose complex learning needs impact their academic achievement and their ability to make sufficient progress toward IEP goals in the general education setting. Services offered may include adaptations and modifications to the general education curriculum, specialized instructional strategies, and adjustments in pacing.

Please contact the Special Programs Manager for KYVA with any questions:

Special Programs Manager, Stacy Altman, saltman@k12.com

SPECIAL EDUCATION EXPECTATIONS:

- Every special education student will be assigned a special education teacher in addition to their regular education teacher.
- The special education teacher, the regular education teacher, and the learning coach will collaborate on support and progress for each student.
- The special education teacher will hold Class Connects online to assist students with their specific learning needs.
- The special education teacher is available to be used as a resource for instructional strategies and adaptations and modifications to the curriculum.

- ARC meetings will be held either online or using a conference call line.
- The special education teacher will provide a progress report at the end of each grading period noting the progress on the student's IEP goals.
- Special Education students are required to meet the same attendance policies as their peers.

RELATED SERVICES

Related services, placement and goals are determined by the ("ARC") Committee. Options for related services should be discussed with the special education staff upon enrollment and receipt of the IEP documents.

KYVA provides related services through contracts with service providers (speech pathologists, occupational therapists, etc.). It is important for students and Parents/Legal Guardians to attend all related services appointments for the student to receive maximum benefit and achieve IEP goals.

****** We understand that it is our responsibility to provide a free and appropriate public education to each enrolled special education student. Because KYVA is a virtual school of choice, it is understood that speech and related services are provided virtually; however, we understand that the virtual environment is not always the most appropriate environment for speech and other related services. If the ARC team determines that face to face therapy is the most appropriate, services will be offered by a provider close to the family's home.*

RESPONSE TO INTERVENTION (RTI)

Response to Intervention (RtI) Services at KYVA are available for students who have been identified as academically "at-risk". A student that is defined as "at-risk" has tested significantly below on his/her assessments, has demonstrated that he/she is struggling with the current curriculum he/she is enrolled in, or he/she has been identified with some type of need on the Child Find screening.

RTI is part of KYVA's Multi-Tiered System of Support (MTSS) and is based on the concept of providing evidence-based instructional and behavioral strategies by highly qualified intervention teams that are matched to the student's needs, and those needs are monitored on a frequent scheduled basis.

MEDICAL NEEDS OR ACCESS TO MEDICATIONS

Report any medical needs or any access to medication for on-site events to your student's Homeroom Teacher.

PARENTS/LEGAL GUARDIANS WITH DISABILITIES

Providing accommodations also applies to Parents/Legal Guardians with disabilities. If needed in order to allow for parental participation, accommodations for Parents/Legal Guardians with disabilities will be provided; thus, enabling parental involvement throughout the 504 process. The school must take appropriate steps to ensure that communications with Parents/Legal Guardians with disabilities are as effective as communications with others.

Training: The principal/operations manager shall review the EMP/Crisis Plan with all school and program staff prior to the first instructional day of each school year and shall document the time and date of any discussion.

Class Session Emergency Guidelines

If a student is in immediate harm or someone in their home is in immediate harm during a live class session, call 911 and clear all the other students from the virtual class environment immediately.

Staff: The following steps should be followed during a Live Class Crisis Event:

1. Call 911
2. Immediately remove all students from the online classroom
3. Notify the Executive Director

When an administrator observes (or is notified of and verifies) an offense, the administrator will confer with the staff involved, effect the appropriate disciplinary action, and if appropriate, meet with the alleged offender. If warranted, the administrator should immediately remove the alleged offender student from the school environment. The administrator will notify a parent/guardian or appropriate parties, as soon as possible.

- If law enforcement is notified, staff will follow applicable established due process procedures.
- The administrator will keep a complete record of the conversations had, events that occurred and procedures followed.
- If a recording captured the event, the recording should not be shared with students and families. *Reference FERPA information below

These resources will give up-to-date information in the event of an emergency.

School Closings

Official announcements for school closings due to severe weather may be sent out to students and families via phone and e-mail.

DROP, COVER, AND HOLD (EARTHQUAKE DRILL) PROCEDURES

- At the first tremor indicating an earthquake, students are to immediately take shelter in their rooms, preferably under a table or desk, to avoid falling objects, glass, etc. They should cover their eyes with their arms and hold on to the desk or table.
- If students cannot get under a desk or table, they should grab a book to protect their heads and place their heads in their laps to protect their faces.
- When the tremors stop, students should remain calm and wait for instructions.
- If necessary, teachers and students will be notified to leave the building according to the evacuation plan.
- An earthquake drill will be scheduled in advance or announced over the intercom.

EVACUATION (FIRE/SAFETY) PROCEDURES (In-person events)

When an evacuation is necessary, students should move quickly and in an orderly manner out of the building. Further instructions on evacuating the building or fire drills will be given by each teacher or KYVA staff member, and evacuation routes will be posted at the test site or field trip location, as applicable.

SEVERE WEATHER (TORNADO DRILL) PROCEDURES (In-person events):

When a tornado is near, students will be directed to an inside room without windows and under a table, if possible.

LOCK DOWN PROCEDURES (In-person events):

To keep students away from a dangerous situation while allowing emergency personnel to handle a threat, KYVA staff will turn off all lights, close blinds, lock room doors, instruct students to stay low and away from doors and windows. Direct students to silence all electronic devices including phones, televisions, etc. KYVA staff tell students to stay quiet and out of sight of the doorway.

*FERPA – Protecting Student Privacy

FAQs on Photos and Videos under FERPA. (n.d.). Retrieved September 01, 2020, from <https://studentprivacy.ed.gov/faq/faqs-photos-and-videos-under-ferpa>

1. Does FERPA permit educational agencies and institutions turn over videos to the police upon request or following an incident that may warrant police involvement?

- When videos are education records, educational agencies and institutions may not turn over videos to the police upon request without having first either obtained the written consent of the parent or eligible student or determined that the conditions of an exception to the general requirement of consent have been met, such as if the disclosure is made in connection with a health or safety emergency (20 U.S.C. 1232g(b)(1)(I) and 34 CFR §§ 99.31(a)(10) and 99.36) or the law enforcement officer has presented the educational agency or institution with a judicial order or a lawfully issued subpoena* (20 U.S.C.

1232g(b)(1)(J) and (b)(2) and 34 CFR § 99.31(a)(9)).

*Please note, judicial orders and subpoenas must be reviewed by our attorney prior to complying with them.

2. When is a photo or video of a student an education record under FERPA?

- As with any other “education record,” a photo or video of a student is an education record, subject to specific exclusions, when the photo or video is: (1) directly related to a student; and (2) maintained by an educational agency or institution or by a party acting for the agency or institution. (20 U.S.C. 1232g(a)(4)(A); 34 CFR § 99.3 “Education Record”)

Directly Related to a Student:

- FERPA regulations do not define what it means for a record to be “directly related” to a student. In the context of photos and videos, determining if a visual representation of a student is directly related to a student (rather than just incidentally related to him or her) is often context-specific, and educational agencies and institutions should examine certain types of photos and videos on a case by-case basis to determine if they directly relate to any of the students depicted therein. Among the factors that may help determine if a photo or video should be considered “directly related” to a student are the following:
 - The educational agency or institution uses the photo or video for disciplinary action (or other official purposes) involving the student (including the victim of any such disciplinary incident);
 - The photo or video contains a depiction of an activity:
 - that resulted in an educational agency or institution’s use of the photo or video for disciplinary action (or other official purposes) involving a student (or, if disciplinary action is pending or has not yet been taken, that would reasonably result in use of the photo or video for disciplinary action involving a student);
 - that shows a student in violation of local, state, or federal law;
 - that shows a student getting injured, attacked, victimized, ill, or having a health emergency;
 - The person or entity taking the photo or video intends to make a specific student the focus of the photo or video (e.g., ID photos, or a recording of a student presentation);
or
 - The audio or visual content of the photo or video otherwise contains personally identifiable information contained in a student’s education record.

3. If a video is an education record for multiple students, can a parent of one of the students or the eligible student view the video?

- When a video is an education record of multiple students, in general, FERPA requires the educational agency or institution to allow, within 45 days of a request, an individual parent of a student (or the student if the student is an eligible student) to whom the video directly relates to inspect and review, or “be informed of” the content of the video, consistent with the FERPA statutory provisions in 20 U.S.C. § 1232g(a)(1)(A) and regulatory provisions at 34 CFR § 99.12(a). FERPA generally does not require the educational agency or institution to release copies of the video to the parent or eligible student.

- In providing access to the video, the educational agency or institution must provide the parent of the student (or the student if the student is an eligible student) with the opportunity to inspect and review or "be informed of" the content of the video. If the educational agency or institution can reasonably redact or segregate out the portions of the video directly related to other students, without destroying the meaning of the record, then the educational agency or institution would be required to do so prior to providing the parent or eligible student with access. On the other hand, if redaction or segregation of the video cannot reasonably be accomplished, or if doing so would destroy the meaning of the record, then the parents of each student to whom the video directly relates (or the students themselves if they are eligible students) would have a right under FERPA to inspect and review or "be informed of" the entire record even though it also directly relates to other students.

- Print or save a copy of your pacing guide each week so you can access it to see what can be worked on offline
- Read books or complete workbook pages and other activities in course materials to keep up with Course Plan as much as possible –lesson progress can be marked when the OLS is back up and running
- Study for State Testing or upcoming quizzes/assessments, if applicable
- Find other educational activities to complete
- Find home science experiments online to try
- Watch educational web videos pertaining to your subjects
- Practice problems from various online resources

How to contact your teacher?

Make sure to write down and save all of your teachers' contact information (teacher phone and extension number) in case any questions arise during an outage if email is also affected.

What to do when Class Connect is down, but OLS is working

If Class Connects go down and you miss live sessions but the OLS is still working, the teacher will make a recording of the missed live session for later viewing or reschedule class and host the session once Class Connect is working again.

Grades K-5

- ✓ **Math:** Use your textbook to continue where you have left off- use your pacing guide if you have forgotten what lesson you should be working on. You can work on getting your monthly work sample ready.
- ✓ **Composition:** You can continue to write from whichever unit you are currently working on. Save all parts—the pre-write, rough draft, and final draft.
- ✓ **Literature:** Continue reading passages from your textbook. Refer to the pacing chart if you are not sure which passage you should be on. Another option may be to select from the “You Need

to **Select a Novel**" unit then go to your local library for the book you selected and start reading!

- ✓ **Vocab:** Continue to work through your vocabulary workbook. When the OLS is back up- you will be ready to enter in your answers for the quizzes. 😊
- ✓ **GUM:** Use the pacing guide to find the lesson you should be on and work through your practice book to help you prepare for the OLS quizzes.
- ✓ **History or Social Studies:** Continue working from your textbook and work on your assignments- check your pacing guide.

APPENDIX D - STUDENT CODE OF CONDUCT

The classroom is the primary context where students are prepared for adult life through academic discovery and personal challenge.

The following expectations are expected from all students while in the classroom:

1. Attending class on time and being prepared to learn.
2. Actively participate in classroom activities.
3. Speaking only when contributing to the educational flow of activities and respecting others' rights to contribute.
4. Completing all daily and homework assignments.
5. Respecting and complying with the directions of teachers and other school personnel.
6. Refraining from activities that distract others or interfere with the ability of the teacher or other school personnel to perform their educational duties and functions, such as having conversations in the Class Connect Chat with students about topics other than what is being taught.
7. Give maximum effort in all classes.

KYVA recognizes its responsibility to give all reasonable support and assistance for the maintenance of discipline while students are enrolled in the program. It is understood that teachers and principals have the authority and responsibility to use reasonable methods to maintain classroom/school control. Parents/Legal Guardians, students and staff should read and become familiar with the school and classroom rules.

Information Related to Disciplinary Actions

1. **Classroom Rules:** This code does not preempt the use of reasonable classroom rules which teachers find helpful in classroom management. Rules such as requiring students to bring materials to class regularly or to have students raise their hands to be recognized before speaking out in class are examples of reasonable classroom rules.
2. **General Discipline Procedures:** The principal or designee should counsel with the student regarding the offenses in an attempt, to correct the behavior and to prevent its recurrence. A school counselor may be involved if a problem seems to stem from causes deeper and more serious than simple misbehavior. If, in the judgment of the principal or designee, the offense is of a serious or persistent nature, the parent or guardian will be notified. An administrator may seek the help of local authorities (e.g., police, court designated worker) when the safety or best interest of the school is in jeopardy.
3. **Reporting Misbehavior:** We encourage Parents/Legal Guardians, students and school staff, to report any kind of misbehavior to authorities. That authority may be a teacher, Principal or the Executive Director, starting with the teacher if possible. Reports should be as specific as possible. Students who believe they are victims of bullying will report such incidents to their principal in writing.

4. **Students Receiving Special Education Services:** A student receiving special education services or Section 504 accommodations may be disciplined. Additional behavioral interventions, treatment and consequences may be part of the Individual Education Program as determined by the ARC team or the Section 504 accommodations. Decisions related to disciplinary actions for these students, which may include suspension and expulsion for serious offenses, are made in accordance with federal and state regulations and KYVA special education procedures.
5. **Disciplinary Options:** To correct misbehavior, school administrators and faculty are strongly encouraged to use optional in school measures short of suspension or expulsion whenever possible.

- Warning
- Notifying the parent of the student's misconduct (by telephone or letter)
- Constructive assignment of projects Behavioral contracts
- Conference with parents
- Loss of school privileges

- Counseling and/or evaluation
- Alternative education placement
- Referral to civil authorities
- Administrative hearing
- Referral to the Board of Education for expulsion

Violations of the code of conduct may result in one or more of the following consequences:

1. **Safe Physical Restraint and Seclusion:** As defined by KRS 09.2212 KYVA employees may use, within the scope of their employment, such physical restraint as may be reasonable and necessary to protect themselves, students, or others from physical injury; to obtain possession of a weapon or other dangerous object under the control of a student; or to protect property from serious harm. In addition, a teacher may remove a disruptive student from the classroom/event/testing site. If a student is removed from a classroom/event/testing site three times in 30 days, they shall be considered chronically disruptive and may be suspended. A Principal may permanently remove a disruptive student from a classroom and determine the placement of the student, subject to an appeal process.
2. **Documentation procedures:** Minor behavior will be addressed in the classroom by the classroom teacher and documented in student notes. Three (3) minors documented will result in an escalation to the principal.

Definitions: We have attempted to define more specifically the items below, so students, Parents/Legal Guardians and school personnel may better understand Kentucky Revised Statute 158.150.
